

2019 3rd International Conference on Materials Sciences and Nanomaterials (ICMSN 2019)
University of Oxford, the United Kingdom
July 22-24, 2019

Conference Introduction

2019 3rd International Conference on Materials Sciences and Nanomaterials (ICMSN 2019: <http://www.icmsn.org/>) will be held in University of Oxford, the United Kingdom during July 22-24, 2019.

The conference will cover areas within material science and focusing on synthesis and characterization of nanomaterials, futuristic applications of nanotechnology, manufacturing, processing of Materials and related nanomaterial topics. ICMSN 2019 will be an important platform for inspiring international and interdisciplinary exchange at the forefront of materials sciences and nanomaterials.

Good News

1. Famous professors as Speakers

Prof. Yuegang Zuo, University of Liverpool, UK;

Prof. Maria Tomoaia-Cotisel, Babes-Bolyai University of Cluj-Napoca, Romania;

Prof. Angelo Maligno, University of Derby, UK;

Prof. Faramarz Djavanroodi, Prince Mohammad University, Saudi Arabia.

2. Publication

Conference proceeding which can be indexed by **Ei Compendex**, **Scopus** and so on.

3. Academic Visit

There will be a one-day academic visit in the University of Oxford and Oxford, UK on July 24, 2019.

Important Dates

Important Dates

Paper Submission	before March 5, 2019
Notification of Acceptance	on March 25, 2019
Registration	before April 20, 2019
Conference Dates	July 22-23, 2019
Academic Visit	July 24, 2019

Call for Papers

Topics of interest for submission include, but are not limited to: Different Methods for Growth of Nanostructures, Nanostructured Thin Films and Coatings, Modification of Nanomaterials, Characterisation of Nanomaterials, Organic, Inorganic, and Biomedical of Nanomaterials, Different Kinds and Morphologies of Nanostructures: Metal and Metal Oxide of Nanoparticle, Nanowires and Nanorod, Carbon Nanotube and Graphene, Mechanical, Thermal, Electrical, Optical and Magnetic Properties of Nanomaterials, Electronic Materials Semiconductor Materials, Battery Materials, Materials Chemistry Classical Analytical Chemistry, Optical Analysis, Material Processing, Materials Processing Engineering Metallurgy Technology, Polymer Processing, Metalworking, Welding, Structural Materials Wrought Iron, Cast Iron, Stainless Steel, Reinforced Concrete, Prestressed Concrete, Aluminum, Composites, Masonry. (For more information, please visit <http://www.icmsn.org/cfp.html>)
